

# LAS SIDA Badge

Last Modified on 04/23/2021 3:32 pm MDT

LAS Flight Attendants are not issued SIDA badges. Access to the ramp area is prohibited unless going to the ramp-level crew room.

Regardless of domicile, crewmembers are always to have their Fg employee badge displayed properly. In addition, the following guidelines should be adhered to at the LAS domicile:

- Remain on the sidewalk while going between the terminal and crew room.
  - Crewmembers are not allowed to walk from the aircraft, across the ramp to the crew room without a SIDA badge.
  - If a crewmember does not have their company issued ID, the crewmember may not access the ramp level crew room unless escorted by an appropriately LAS badged individual. In LAS, only SIDA - badged individuals with green LAS badges are authorized to escort.
-
