

FLL Employee Parking

Last Modified on 06/22/2022 8:26 am MDT

Until Employee Parking is available to you, please park in the **Long-Term Parking lot** or the **Overflow lot** for reimbursement. *Short Term and Curbside Valet is not approved for parking reimbursement*

Reimbursement for parking **MUST** be requested via COUPA within 72 hours of getting back into base. You must present a valid receipt matching the dates of your working trip in order to get reimbursed.

Employee Parking is off airport property and is located at 2755 SW 42nd Street, Ft Lauderdale FL. 33312.

You will park in LOT 1, which will only provide service to Employee Terminal Stop 2, serving Terminals 1,2, Rental Car Center and Employee Lot Stops E, G, H, I and J. Employee Shuttles can be tracked at <https://fllpublic.etaspot.net/>. The buses run 24 hours/day, 7 days/week. There are 14 bus stations in the two lots, and the bus will drop off/pick up on the upper level of Terminal 1 and 2. The stop will be clearly identified.

The Bus ride takes about 20 minutes however, it could take more time if the traffic is heavy. Please plan accordingly.

A security fence surrounds the entire parking lot, and it is well lit. A dedicated security officer, shuttle supervisor and parking staff frequently patrol the lot.

Please see your base supervisors to start the parking application process. ***If parking is not needed, please advise your supervisor as well.**
